

Greetings, teams. We'd like to apologize for a horribly egregious oversight in our Shinteki Online Puzzle Marathon. It's come to our attention that we forgot to include the following sheet in your team packets. As you can imagine, we're quite embarrassed and are amazed that you're still puzzling away after almost two-and-a-half years!

Because of this error, nobody has completed the initial wave, and thus Round 2 remains locked. And please throw out Puzzle #24, as it wasn't intended to be part of the hunt. --The Shinteki Staff

Shinteki Haiku

*Above sea level,
Sunday, in the park with George,
they tilt at windmills*

*An infamous scream
is worthy of autographs
from the great deaf one*

*A Toyota? Eeeek!
Atop the hill there's gridlock
for that six-shift car*

*Hail Mary Touchdown!
The Giants vs. the Jets!
It's twenty-six all!*

*Higgins, X, or Plum,
The way to our galaxy
now has a clear path*

*Nemo's buddy Peach
Is she split? Tight? Loose? or Dead?
A perfect figure!*

*Ouzounian's name,
like a fancy leather purse
competing for gold*

*Right, left, or youie,
boastful, sanguine tibias
of Henri Matisse*

*Yes we can elect
A family guy! Spin off
your cruel conscription!*

*Golden beverage
oft following someones name
hasn't been confirmed*

*Devils and Deacons
having emotional stress
need medical help*

*Over and over
molecular entity
joins government group*
